Dear Governor Cooper,

If you haven't read Ned Barnett's editorial in the News and Observer of Sat. Jan. 20 I urge you to do so. Mr. Barnett, while making a convincing case in **opposition** to the Atlantic Coast Pipeline, appeals to Duke Energy to abandon its outmoded business model and accelerate whatever transition to renewable energy sources it may already have begun. **REJECTION** of said pipeline by your administration will do much to move Duke in that direction.
